General Information

DIRECTORY LISTINGS & ACCURACY

A physical address and telephone number is listed in the alphabetical section of the directory for each customer. One listing is provided to each business customer in the yellow pages (classified section) of the book. For a small monthly fee additional listings may be added in accordance with required regulations applying to the listings. As your local telephone company, we do not assume liability because of errors or omissions in compiling the directory. Directory listings are carefully handled in order to ensure directory accuracy, but in spite of this care and attention, errors occasionally occur. If your listing is incorrect in any way, please call our business office so we can correct directory information records and future issues of the directory.

Statement Of Nondiscrimination

Coon Valley Farmers Telephone Company, Inc. is an equal opportunity provider and employer.

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agricultural, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

Vernon Communications Cooperative is a recipient of Federal financial assistance from the Rural Utilities Service (RUS), an agency of the U.S. Department of Agriculture. In accordance with Federal civil rights regulations and policies, the USDA, its agencies, and employees, and institutions participating in or administering USDA programs are prohibited from discrimination based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parent status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means for communication of program information (e.g., braille, large print, audiotape, American sign language, etc.) should contact the responsible Agency or USDA's Target Center at (202) 720-2600 (voice and TDD) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other that English.

The person responsible for coordinating this organization's noncompliance efforts is Garin Mayer, CEO. Any individual or specific class of individuals, who feels that this organization has subjected them to discrimination, may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization; or USDA, Director, Office of Civil Rights, 1400 Independence Ave, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD).

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Ave, S.W., Washington, D.C. 20250-9410; (2) fax: (202) 690-7443; or (3) e-mail: program.intake@usda.gov. (a) Charging such service to an existing telephone number or calling card number without the consent of the subscriber thereto or the legitimate holder thereof.
(b) Charging such service to a false, fictitious, suspended, terminated, expired, canceled or revoked telephone number or calling card number.
(c) Rearranging, tampering with or making connection with any facilities or equipment.
(d) Using a code, prearranged scheme, or other stratagem or device whereby said person in effect sends or receives information.
(e) Using any other contrivance, device or means to avoid payment of the lawful charges, in whole or in part, for such service.
(2) This section shall apply when the said telecommunications service either originates or terminates, or both, in this state, or when the charges for said telecommunications service would have been billable in normal course, by a person providing telecommunications service in this state but for the fact that said service was obtained or attempted to be obtained by one or more of the means set forth in sub. (1).
(3) Whoever violates this section is guilty of:
(a) A Class A misdemeanor, if the charges for the service obtained, or attempted to be obtained, do no exceed $500.00. For a Class A misdemeanor punishable by a fine not to exceed $10,000.00 or imprisonment not to exceed 9 months, or both.
(b) A Class E felony, if the charges for the service obtained, or attempted to be obtained, exceed $500.00. For a Class E felony punishable by a fine not to exceed $10,000.00 or imprisonment not to exceed 2 years, or both.
(4) When there has been more than one unlawful obtaining, or attempt to obtain, by an offender, the aggregate of the charges for the telecommunications service unlawfully obtained, or attempted to be obtained, shall determine the grade of the offense.

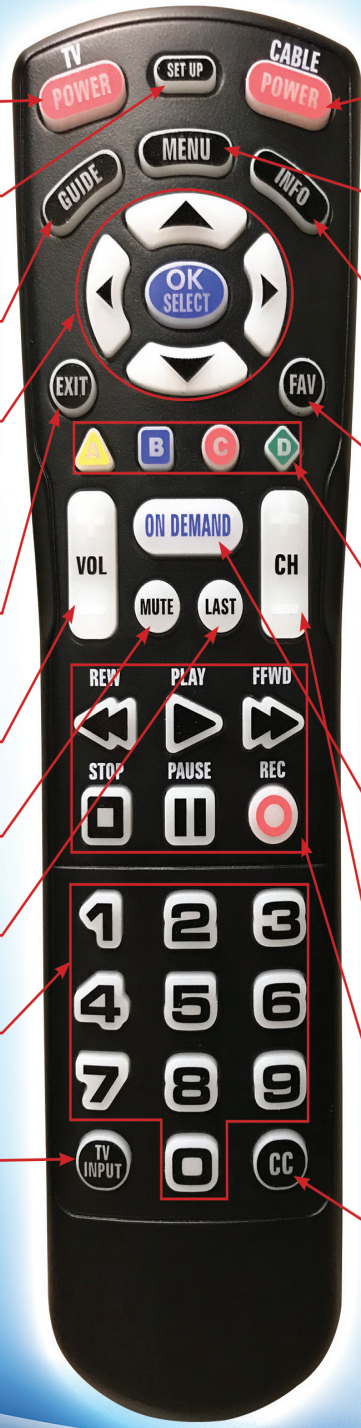

947.01 (2) UNLAWFUL USE OF TELEPHONE.
Whoever does any of the following is guilty of Class B misdemeanor:

(1) With intent to frighten, intimidate, threaten, abuse or harass, makes a telephone call and threatens to inflict injury or physical harm to any person or property of any person.
(2) With intent to frighten, intimidate, threaten, abuse, harass or offend, telephones another and uses any obscene, lewd or profane language or suggests any lewd or lascivious act.
(3) Makes or causes the telephone of another party repeatedly to ring, with intent to harass any person at the called number.
(4) Makes repeated telephone calls, whether or not conversation ensues, with intent to harass any person at the called number.
(5) Makes a telephone call, whether or not conversation ensues, without disclosing his or her identity and with intent to abuse, threaten or harass any person at the called number.
(6) Knowingly permits any telephone under his or her control to be used for any purpose prohibited by this section.

Penalties for a Class B misdemeanor consist of a fine not to exceed $1,000.00 or imprisonment not to exceed 90 days or both.

Today, it is more important than ever to protect businesses with a team of IT professionals. As technology moves forward at an increasingly rapid rate, it is even more difficult to keep up without a team of experts providing support for a company's IT systems. Viruses, malware, and ransomware attacks increase in rate as technology moves forward making it imperative that environments are made secure. Reactive IT is much more painful and costly than remaining proactive in securring your network.

Coon Valley Farmers Telephone Company is dedicated to empowering our partners to think differently about how they approach technology. This is a primary reason why we pride ourselves as a Managed Service Provider that partners with our client's companies to provide an optimized and secure IT environment.

Wisconsin Telecommunications Relay

Wisconsin Relay Makes Telecommunications Accessible for Nonstandard Phone Users

What is Wisconsin Relay?

Wisconsin Relay is a no-cost, completely confidential 24-hour public service that makes the use of the telephone possible and a better experience for many thousands of citizens and visitors of the state who are deaf, hard of hearing, deaf-blind, speech-disabled, and hearing.

How does Wisconsin Relay work?

The person dials the toll-free Wisconsin Relay number and gives the relay operator the area code and number of the person receiving the call. An example of a Wisconsin Relay service is a highly trained relay operator who voices the typed comments by the TTY (text telephone) user and types the spoken comments by the other person back to the TTY user. Wisconsin Relay provides several options to meet the needs of people who do not use the standard telephone.

How to connect to Wisconsin Relay

Dial: 711 *
TTY: 1–800–947–3529
Voice: 1–800–947–6644
ASCII: 1–800–267–8867

Voice Carry-Over: 1–877–490–3724
Hearing Carry-Over: 1–800–947–3529
Speech-to-Speech: 1–800–833–7637
Spanish-to-Spanish: 1–800–833–7813
Spanish-to-English: 1–877–490–3723

* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 711 not possible. The above 800 numbers can be dialed when not able to get through to 711.

CapTel®—a no-cost captioned phone service

CapTel, short for captioned telephone, users place calls in the same way when dialing with a standard telephone. Utilizing voice recognition technology that displays verbatim captions of the conversation on screen of a telephone or computer screen, the CapTel user can hear and read what the other person is saying.

How do I apply for specialized telephone equipment?

The Telecommunications Equipment Purchase Program (TEPP) provides qualified applicants (proof of a disability that makes using a standard telephone difficult or impossible) with vouchers to purchase assistive telephone equipment. A person can apply for a voucher by visiting: www.wisconsinrelay.com/tepp or calling 1–800–251–8345 (TTY in state only) or 1–608–231–3305 (Voice).

---

711 is not an emergency number

Some people might assume it is okay to call 711 for emergencies. The 711 Wisconsin Relay number is for relay service calls only. The Americans with Disabilities Act (ADA) requires that 911 centers be prepared to handle emergency calls from people who use the text telephone. Wisconsin Relay will make every effort to assist a person during an emergency but cannot serve in the same function as 911 centers. Wisconsin Relay does not assume responsibility for handling emergency calls.

The New 353 Area Code is Coming to the Wisconsin 608 Area Code Region

To ensure a continuing supply of telephone numbers, the Public Service Commission of Wisconsin has approved an all-services overlay for the 608 area code. The 608 area code serves the southwestern portion of the state including communities such as Beloit, Janesville, La Crosse, Middleton, Monroe, Platteville, Stoughton, Sun Prairie, and Wisconsin Dells. It also serves Madison, the state capitol. The new 353 area code will serve the same geographic area currently served by the 608 area code.

What is an Area Code Overlay?

An overlay is the addition of another area code (353) to the same geographic region as an existing area code (608). The overlay does not require you to change your existing area code or phone number, or how you dial your calls. You will continue to dial the area code and phone number for all local calls, as you do today, within and between the 608 and 353 area codes.

Who is affected and when does the new 353 area code become effective?

Beginning **September 15, 2023,** customers in the 608 area code region may be assigned a number in the new 353 area code when they request new service or an additional line. Customers receiving the 353 area code will be required to dial the area code and phone number for all local calls, just as customers with telephone numbers from the 608 area code do today.

What will you need to do?

Customers in the overlay region should:

- Continue to dial 10 digits for all local calls, including calls within the same area code.
- Continue to identify your telephone number as a 10-digit number, and include the area code when giving the number to friends, family, business associates, customers, etc.
- Ensure that all services, automatic dialing equipment, or other types of equipment recognize the new 353 area code as a valid area code and continue to store or program telephone numbers as 10-digit numbers. Some examples are: stored telephone numbers in contact lists in wireless phones, PBXs, fax machines, Internet dial-up numbers, speed dialers, call forwarding settings, voicemail services, medical alert devices, safety alarm security systems and gates, ankle monitors, and other similar equipment.
- Check items such as your website, personal and business stationery, printed checks, advertising materials, contact information, and your personal or pet ID tags to ensure the area code is included.

What will remain the same?

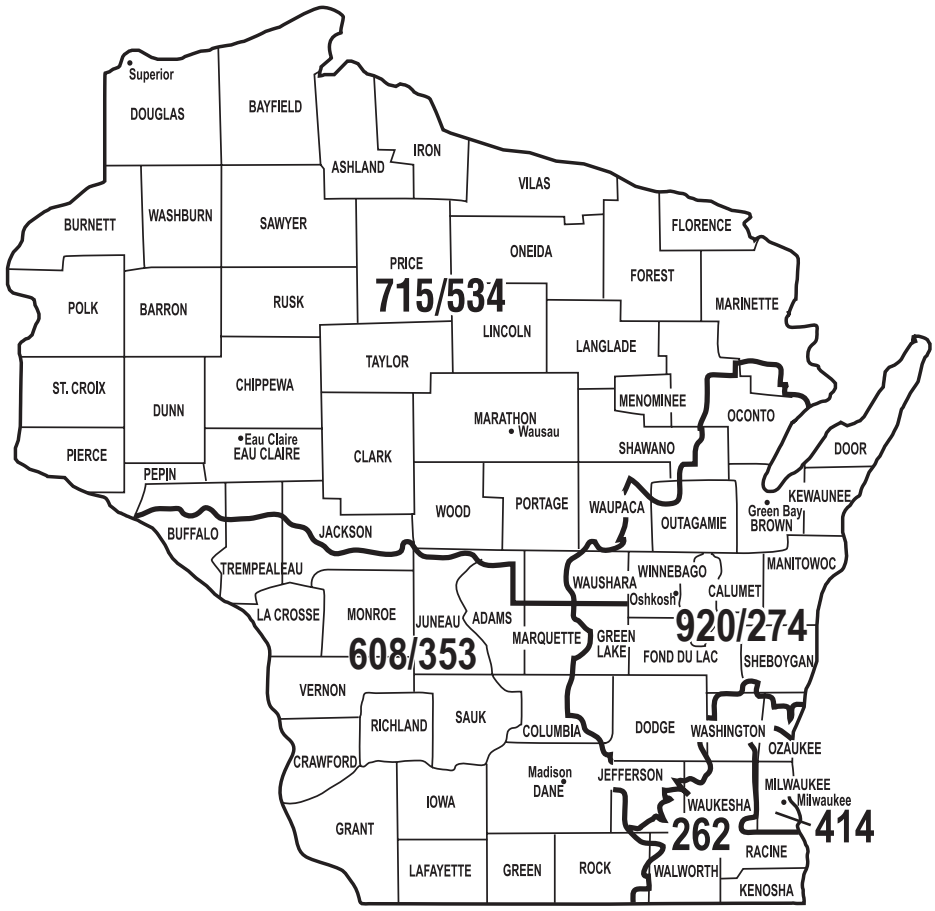

- Your telephone number, including current area code, will not change.
- The price of a call, coverage area, or other rates and services will not change due to the overlay.
- What is a local call now will remain a local call.
- You will continue to dial 10 digits for local calls within and between the overlay area codes, and 1+10 digits for long distance calls.
- You can still dial just three digits to reach 911 and 988, as well as 211, 311, 411, 511, 611, 711 or 811 if those are currently available in your community.

Who may you contact with questions?

If you have any questions regarding information provided in this notice, please call your local telephone company for more information. You may also visit the Public Service Commission's website at https://psc.wi.gov/Pages/ForConsumers/MoreResources/AreaCodeExhaustion.aspx.

International Calling

DIALING INSTRUCTIONS
International calls can be direct dialed to many overseas countries. The following instructions are for placing international calls.

STATION-TO-STATION CALLS
To dial international calls, dial in sequence:

1. The International Access Code: 011
2. The Country Code (a 2 or 3 digit number)
3. The City Code (a 1 to 5 digit number)
4. The local telephone number
5. The "#" button - where telephone is equipped with touch tone dialing

For Example: To place a call to Frankfurt, Germany, to telephone number 123456, you would dial:

#1		#2		#3		#4		#5
International Access Code	+	Country Code	+	City Code	+	Local Number	+	Button If Touch Tone Dialing*
011	+	**49**	+	**69**	+	**123456**	+	**#**

* Touch Tone Dialing saves additional time by using this step.

OPERATOR-ASSISTED CALLS
To dial person-to-person, collect, calling card and bill to a third number international call, follow the instructions given above, but use "01" for the International Access Code. After the call is dialed, the Operator will come on the line to ask for information such as the name of the person you are calling or your credit card number.

After dialing any international call, allow at least 45 seconds for the ring to start.

TO PLACE A CALL TO THE BAHAMAS, BERMUDA, CANADA, MEXICO CITY, AND CERTAIN BORDER POINTS, PUERTO RICO AND THE VIRGIN ISLANDS:
Calls to these points and most other Caribbean points can be dialed in the same manner as long distance calls within the United States. Simply dial "1" plus the appropriate Area Code and the local number. Calls to international points are subject to international rates.

IMPORTANT MESSAGE ABOUT YOUR CUSTOMER PROPRIETARY NETWORK INFORMATION

Privacy Notice

Your privacy matters to us. We pledge to protect your privacy and keep your trust. As we provide services to you, we gather information about the quality, technical configuration, type, destination, and amount of products and services you use. We also gather data during the applications process. This information is known as **Customer Proprietary Network information (CPNI)** and "Non Public Personal Information".

Under federal law, you have a right and ***Your Communications Provider*** had a duty, to protect the confidentiality of your CPNI. ***Your Communications Provider*** will not disclose or sell this information, unless required to do so by law; or upon receipt of an affirmative written request by a customer. ***Your Communications Provider*** may share or permit access to your CPNI on a limited, as-needed basis with trusted agents and contractors (billing and technical support vendors) that assist us in providing services. They share a duty to protect your CPNI. Know that we limit access to your personal information to employees, agents or contractor who must use the information to provide products and services to you. Further sharing of this information is restricted by our employee handbook, non-disclosure agreements and the law, in order to guard your personal information.

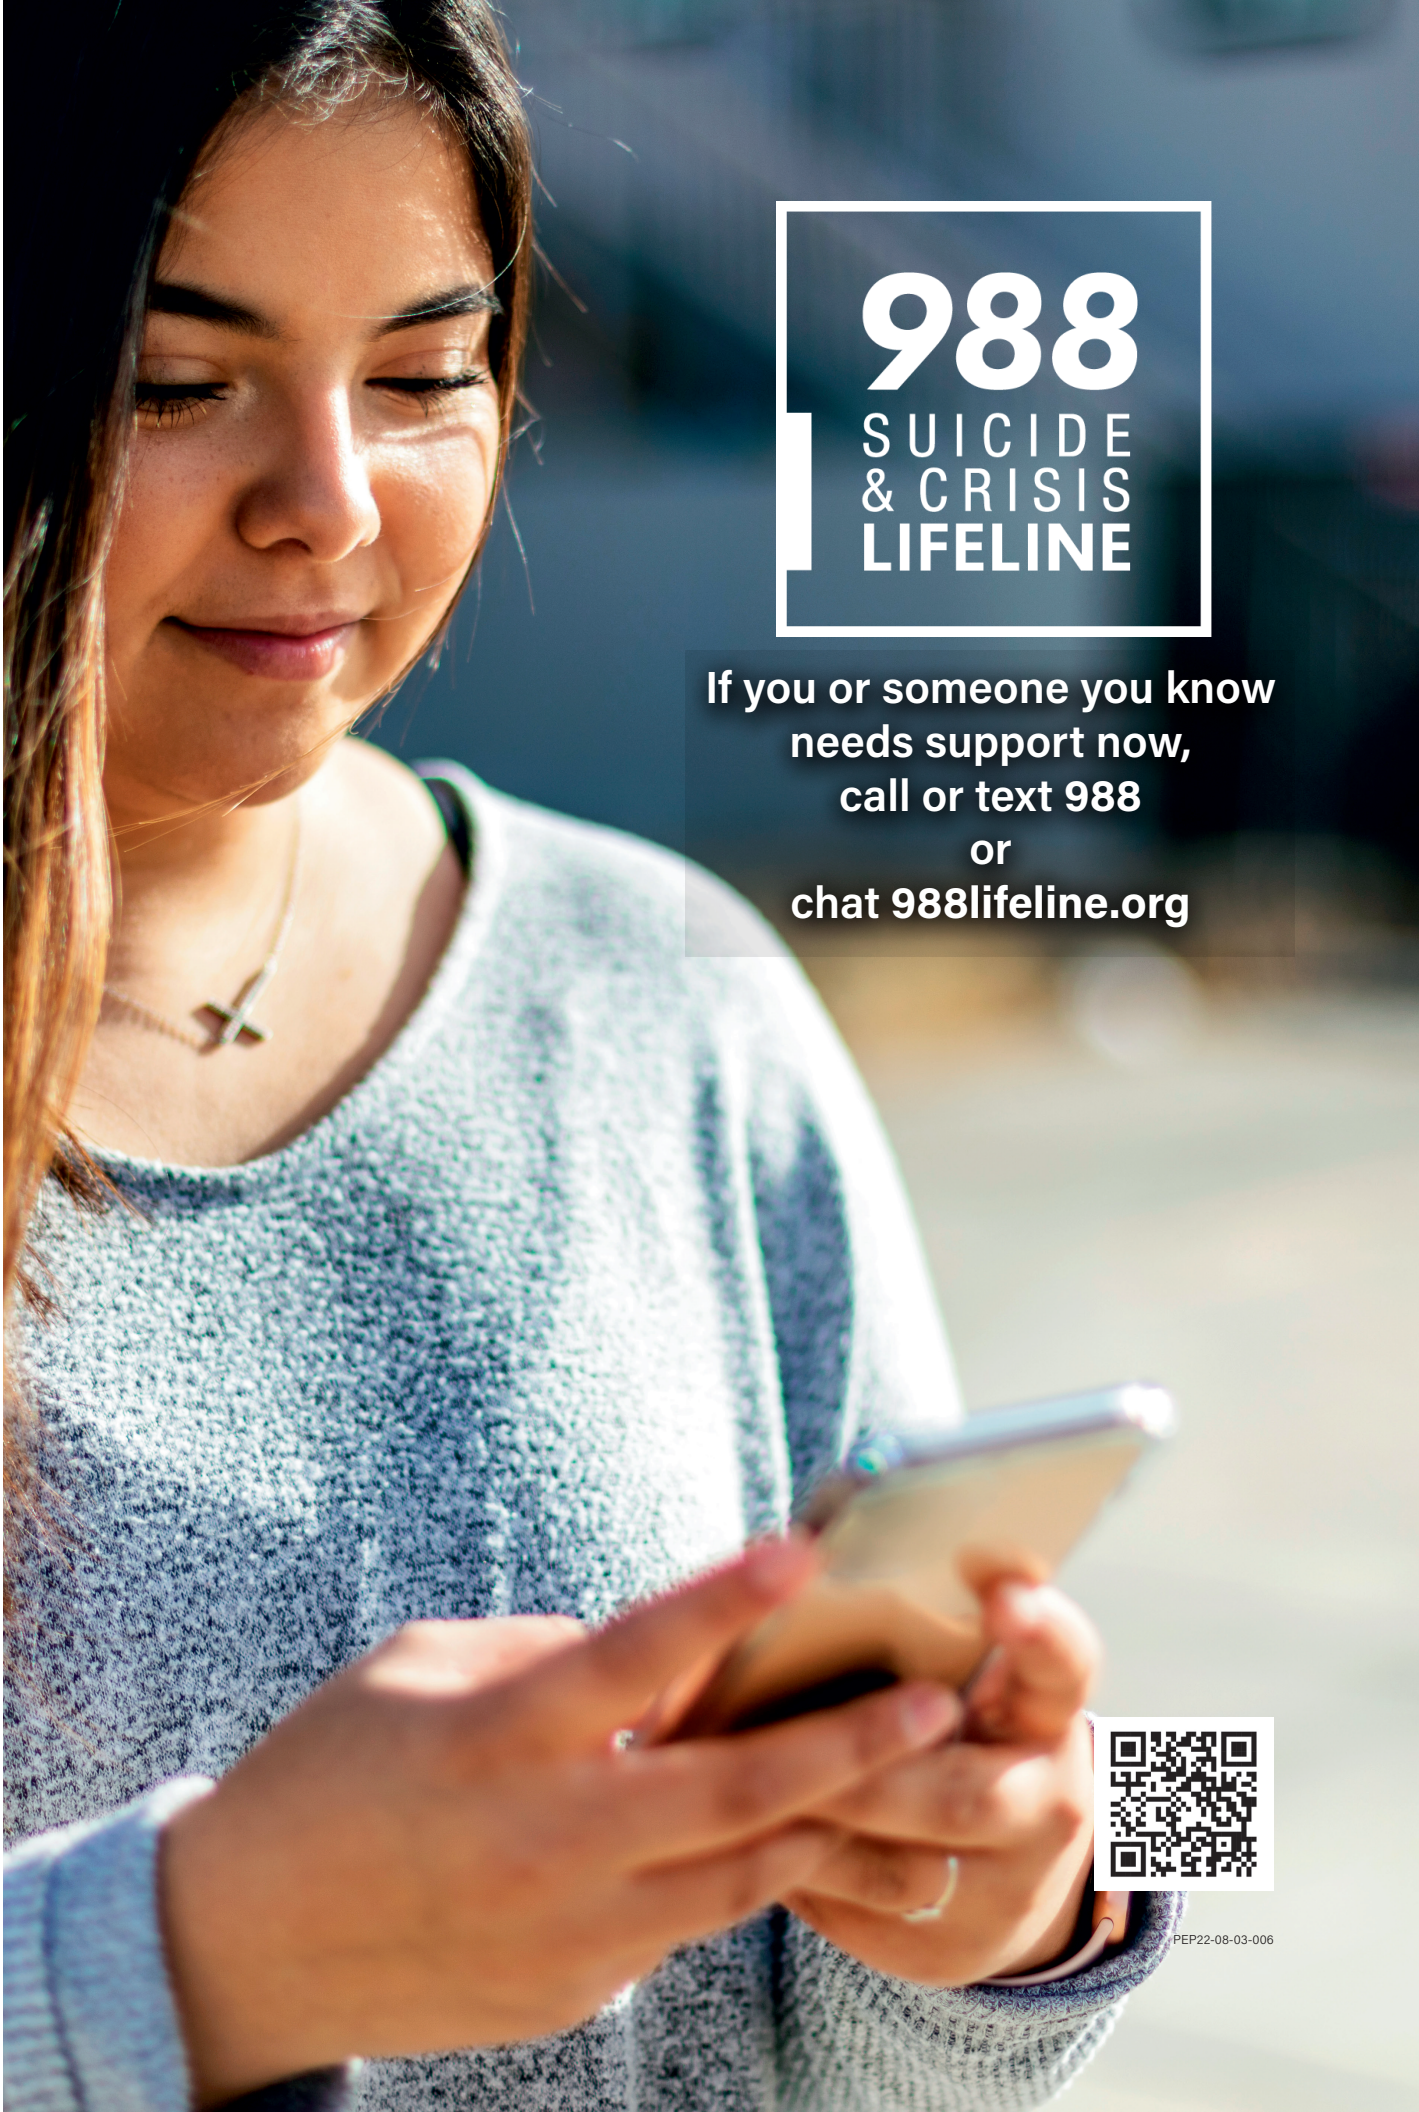

HOW TO CHOOSE A STRONG PASSWORD

For every account that you have online, creating a strong password is important in today's identity crisis. More than 80% of breaches are caused by weak or reused passwords. Creating a strong password is essential. Here are some tips.

- Choose a password that is not easy to guess. Don't use birthdates, or names of family members or pets. Make sure you stay away from personal or relevant information that others could easily identify.
- Do not share passwords.
- Make sure your passwords are long. At least 10 characters in length is recommended and there should be a combination of numbers and letters (both upper and lower case). Adding symbols or spaces is a good idea if the site allows.
- If you have to write your passwords down, make sure they are in a secure, accessible location. Never keep them by your computer.
- Consider a password manager that not only manages your passwords, but will create and remember strong passwords for you.
- Remember to update and vary passwords. You shouldn't use the same password for more than a few months at a time and using a different password for every online site you access is a good idea.
- Your bank, email, phone, ISP and data-storage accounts are critical. Take extra steps to protect these. If you haven't done so, set up a two step verification for these. Two step verification requires an additional code that's sent to your phone.
- Come up with a passphrase or a sequence of random words to create your password. It's a good way to help you remember your passwords, so only you will remember. Use upper and lower case in the phrase and use symbols in place of certain letters. An example of this would be: *mydogFidoloves2chewonboneS!*
- Do not enter your password on other computers (especially in public places).

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

RETHINK "STRANGER DANGER"

- ***DON'T SAY:*** **Never talk to strangers.**
- ***SAY:*** **You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.**
- ***DON'T SAY:*** **Stay away from people you don't know.**
- ***SAY:*** **It's important to get my permission before going anywhere with anyone.**
- ***DON'T SAY:*** **You can tell someone is bad just by looking at them.**
- ***SAY:*** **Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.**

If your child is missing, contact your local law-enforcement agency immediately. Then make a report to the National Center for Missing & Exploited Children® at:

1-800-THE-LOST® (1-800-843-5678).
